Indicated that they had an effective exhibition

Indicated that they will exhibit in the next fair

Rated the exhibition as good and very good

EXHIBITORS GIVE THEIR VERDICT - ASANSÖR İSTANBUL 2017 WAS EXCELLENT

“ As Can-Lift, we have introduced our new-generation Lift Overspeed Governor to professionals from the sector at Asansör İstanbul 2017.

We benefitted from the fair and we would like to thank our dear industry colleagues for their interest, attention and trust in our speed regulator.

We would like to thank İFO Fair Organization for organising Asansör and its contribution to our sector.

Erol Eroğlu
CAN LİFT

“ Being the showcase/representative of our country in the international lift sector, Asansör İstanbul 2017 proved its quality again this year with its exhibitor and visitor population increasing and with sector leaders participating in the fair.

Selçuk Korkmaz
Factory Manager
YÜKSELİŞ ASANSÖR

“ We have been an exhibitor of Asansör İstanbul since the foundation of our company. We believe it is a beneficial fair as it provides us an excellent opportunity to meet our customers and suppliers face to face.

We think that Asansör İstanbul should be paid particular attention as it gives the chance to introduce our products to both local and international visitors and get feedback more effectively than we could with customer visits.

We are so happy that we exhibit at this fair where we can introduce our R&D works and innovations in the most beneficial way.

Yücel Kuloğlu
